John Fitzgerald Kennedy

On Friday, November 22, 1963, in Dallas, Texas, for the fourth time in the history of this Republic, our Chief Executive had been struck down by an assassin's bullet. On that day of terrible tragedy, John Fitzgerald Kennedy, a man beloved by mankind and an intimate of many of us in Wakefield, died.

We in Wakefield were indeed fortunate to have had the opportunity to know personally this hard-working, dedicated young man, brilliant and articulate, tough of mind but tender of heart, a man of many joys but much suffering. One knew from his first meeting with him that he was destined for great things.

On July 3, 1950 Congressman John Fitzgerald Kennedy was the guest speaker on the Common at the night before the 4th celebration sponsored by the West Side Social Club. This was his first visit to Wakefield. Earlier that evening he was the guest at a reception in his honor by public officials and officers of the West Side Social Club at the Elks Lakeside Home. On December 3, 1950 he was the speaker at the memorial services of the Wakefield Lodge of Elks. On December 4, 1951 he was the guest speaker at a joint meeting of the Wakefield and Stoneham Rotary Clubs. On March 23, 1958 he spoke before the 9:29ers of the Congregational Church. On July 4, 1958 he was the Honorary Chief Marshal of the annual 4th of July parade sponsored by the West Side Social Club, and his last visit to Wakefield was on October 15, 1958 when he toured Wakefield while campaigning for re-election to the United States Senate, visiting at that time Transiron, Wakefield Daily Item, with a brief stop at Minahan's to renew acquaintances, then to the American Mutual Insurance Company. The tour was culminated at a reception by the women of Wakefield in honor of Jacqueline, his beloved wife, at the home of the Wakefield Lodge of Elks, Bay State Road.

John Fitzgerald Kennedy, naval hero, Congressman and Senator from Massachusetts, thirty-fifth President of the United States, before the greatest assemblage of world dignitaries ever to honor an American statesman, on November 25, 1963 was laid to rest on a hillside facing the Potomac River at a spot that General Robert E. Lee had called the prettiest place on earth.

How inspired are the words of Congressman Torbert Macdonald, his dearest friend, spoken from the floor of the Congress they both served with such great distinction:

"In the same way that the eternal light shines from the ground near his grave, in the same way will life and the love which he kindled in our hearts and minds grow forever."

Kenneth E. Morang, Jr.
John W. Moccia, Jr.
Burton F. Whitcomb
John J. McCarthy, Executive Secretary

At the Board's organizational meeting, following the Annual Town Meeting in March, Hugh J. Morgan, Jr. was elected Chairman, and Lawrence J. McCluskey was elected Secretary. Other Board members are Kenneth E. Morang, Jr., John W. Moccia, Jr., Burton F. Whitcomb. John J. McCarthy continued in the office of Executive Secretary and Margaret M. Brady was appointed Clerk.

The Town was shocked by the assassination of President John Fitzgerald Kennedy on November 22, 1963. The Board of Selectmen, in Special Meeting on November 23, 1963, voted as follows: "That, Monday, November 25, 1963, be observed as a day of mourning in reverent respect to the memory of the late President of the United States, John F. Kennedy, and that this decree be entered into in concord with the proclamation issued by the President of the United States, Lyndon B. Johnson. All Town offices and departments shall be closed except as matters of public health and safety are involved." On November 25, 1963, representative Clergymen, Town officials and citizens joined with the Board of Selectmen in the conduct of a memorial service on Wakefield Common for the departed President Kennedy.

It is with regard to the special relationship that President Kennedy had for the Town of Wakefield; where he became so personally attached, that this Board has dedicated this one hundred fifty second Annual Town Report to his revered and respected memory and has caused an inscription of this sentiment to be presented in this town report by the President's good friend, Attorney William J. Lee, of the Town of Wakefield.

The powers, duties and responsibilities of the Board of Selectmen are broadly diversified in approximately seven hundred sections of law applying directly to Selectmen together with the hundreds of other sections of law that bear upon Town problems in general.

The Board of Selectmen and the Executive Secretary have continued to represent the Town's interest before governmental officials, committees and commissions at the various levels of government for the purpose of presenting information and evidence on matters which concern the Town of Wakefield.

Effective communication, budgetary control and co-ordination of activities between departments are among the important advantages available through the office of an executive secretary who, also, serves as budget analyst and town accountant. This combination of functions provides for an effective consolidation of administrative effort. Inter-departmental co-operation was evidenced in the effecting of improvements in several areas of administration which cut across departmental lines.

The program of pre-employment physical examination inaugurated in the latter part of the year 1963 is functioning and is anticipated to produce beneficial results in the areas of compensation claims and premature disability benefits.

The group insurance program of health-surgical and life insurance benefits as authorized by referendum action March, 1958; and extended to cover employees who retired after the original acceptance of the legislation which provided group insurance benefits to town employees (Chapter 595, Acts 1959); was further extended to increase benefits from \$21.00 per day to \$24.00 per day room and board allowance while hospitalized. The program presently provides coverage for five hundred forty two employees (542) and thirty four pensioners (34) of the Town in all departments at a total cost of \$100,694.48, the Town's share of which cost amounts to \$52,468.84. The Town's dividend on the Life Insurance program amounted to \$3,604, and the dividend on the hospital, medical-surgical program amounted to \$2,831 for the period July 1, 1960 to June 30, 1961 and \$10,303 for the period July 1, 1961 to June 30, 1962.

The Fire and Casualty Insurance program which extends to many departments and provides for various types of coverage amounted to \$29,332.-26 and the Workmens Compensation Insurance program amounted to a premium cost of \$23,544.40.

Chapter 17 of the town by-laws prescribes that the Board of Selectmen shall supervise the conduct and election of an employee's representative to the Personnel Board. Mr. Charles C. Curran was elected to succeed himself for a second three year term.

Meetings of the Board of Selectmen were held with various Boards in electing members to fill vacancies caused by resignations. This procedure is required in accordance with the provisions of Chapter 41, Section 11 of the Massachusetts General Laws.

Messrs. William B. Merry, Jr., David H. Ramsay and Attorney M. Gardner Clemons were appointed associate members of the Board of Appeals in March of 1963. Upon the resignation of Mr. William C. McKie, Chairman of the Board of Appeals, Mr. David H. Ramsay was promoted from associate member to full member, and Mr. William Doherty appointed an associate to fill the vacancy. Upon the resignation of Attorney M. Gardner Clemons as associate member, Attorney James Zafarana was appointed to fill this vacancy.

Messrs. Chester Pawlowski, Henry S. Brinkers, John S. Egan, Dr. Philip L. McAuliffe and Thomas E. Curley were appointed in April of 1963 for a term of one year to the Conservation Committee. Upon the resignations of Mr. Pawlowski and Mr. Brinkers in July of 1963, Mr. Ralph A. Schmidt and Mr. William J. Doherty were appointed to fill the vacancies.

Mr. George Regan and Mr. Samuel D. Ferguson were appointed for a term of three years on the Recreation Commission. Upon the resignations of Miss Mary Ellen Hurton in October of 1963, Mrs. Marcia V. Morang was appointed to fill the vacancy.

Attorney Thomas F. Daley, Jr. was elected to fill the vacancy caused by the resignation of Mr. Anthony Minichiello on the Board of Public Works in November of 1963.

Mr. A. David Mazzone and Mr. Louis Sardella were elected in June, 1963 to fill the vacancies left by the resignations of Messrs. Frankel and McManus on the Board of Library Trustees.

Mr. Edward D. Conway was elected in May of 1963 to fill the vacancy caused by the resignation of Mr. Jean C. Hartshorne from the Board of Municipal Light Commissioners.

Mr. Russell T. Bartlett was appointed a Warden of Precinct Four to succeed Mr. David Hodgdon who resigned.

Mr. Richard J. McGrail was distinguished by the Governor of the Commonwealth in his appointment as a member of a Special Rules Commission to study matters concerned with veterans' affairs and benefits.

The Committee on Election Procedures was continued in its function of reviewing election procedures and providing liaison between the Board of Selectmen and precinct wardens. This Committee has enabled the Selectmen to remain in closer contact with the function of elections for which they are responsible.

The Board appointed election officers and tellers for service at the polls for the year 1964.

The Board approved a rate of 1.53% for an amount of \$31,350 for a temporary loan in anticipation of re-imbursement from the state and county on account of Chapter 90 road maintenance and approved a rate of 1.30% in June for an amount of \$500,000 and a rate of 1.60% in September for an amount of \$500,000 for temporary loans in anticipation of tax revenue.

The Board of Public Works was authorized to incur liabilities not in excess of \$10,000 on account of snow removal costs in excess of the appropriation in January of 1964.

The Board observed with regret the deaths of the following retired employees:

John J. Joyce

George E. Zwicker

The boundaries between the towns of Reading and Wakefield were perambulated as is required by statute.

Fifty-six treasury warrants totalling \$9,502,872.90 were approved by the Board in payment of salaries, wages, invoices and maturing debt.

Appointments made by the Board of Selectmen for 1963:

Clerk to Board of Selectmen, Margaret M. Brady

Veterans' Service Agent, Richard J. McGrail

Building Inspector & Elevator Inspector, Frank A. Tredinnick

Wire Inspector, John J. Curran

Gas Inspector, Thomas J. Curley

Fire Inspector, Chief William P. Hurton

Lock-up Keeper, Chief J. Merritt Wenzel

Dog Officer-Animal Inspector, John W. Hopkins

Sealer of Weights & Measures, Pasquale J. Carisella

SWEETSER LECTURE COMMITTEE

Burton E. Whitcomb, Hugh J. Morgan, Jr., J. W. Moccia, Jr., Kenneth E. Morang, Jr., Lawrence J. McCluskey, Catherine E. Simpson, John B. Hendershot.

Mr. William R. Connors was promoted from sergeant to lieutenant on the Wakefield Police Department to succeed to the vacancy created by the retirement of Lieutenant George B. DeRoche. Mr. Robert A. Westcott was promoted from patrolman to sergeant on the Wakefield Police Department.

Mr. Neil C. Cavanagh and Mr. Jino DiNano were appointed permanent reserve patrolmen. Mr. James D. Crocker was appointed permanent patrolman.

Mr. William L. Wenzel was reinstated as firefighter on the Wakefield Fire Department. Mr. Joseph T. McIsaac, Mr. Charles Classen and Mr. Stephen L. Koch were appointed firefighters.

Considerable time and effort was spent by the Board on many miscellaneous problems which would be too detailed to highlight in this report.

Reports of the various departments under the jurisdiction of the Board will be found under other headings in this report and this activity has been submitted to the Board by the individual departments on a monthly basis. These monthly reports have provided information necessary for the orderly development of administration and planning procedures.

Report of Board of Appeals

The Board of Appeals held 27 hearings during the year ending December 31, 1963. There were twenty-three decisions rendered, three withdrawals, and one pending the submission of a plot plan.

William C. McKie after serving on the Board for thirty years retired in August and Attorney James J. Curley became the new chairman. David H. Ramsay and Joseph L. McManamin are the other members. Alternates are William B. Merry, Attorney James Zafarana and William J. Doherty. Mrs. Paul D. Everett, Jr. is Secretary to the Board. Meetings are held on Tuesday evenings in the office of the Building Inspector. Twenty-nine petitions were heard of which twenty-four were for variances of the Zoning law and five were for special exceptions to the law and these included three applications for nursing homes, one for an apartment house & one by the Wakefield Housing Authority. Two petitions were withdrawn after hearings.

Respectfully submitted,

JAMES J. CURLEY, Chairman
JOSEPH L. McMANAMIN
DAVID H. RAMSAY

Report of Personnel Board

Regular Personnel Board meetings were held at monthly intervals during the year 1963. Special additional meetings were held as required by the press of business matters with the Finance Committee, Board of Selectmen and personnel consultants. A review of the provisions of Chapter 17 of the Town by-laws, which is the Personnel Plan, indicated by comparison with surrounding towns that an up-grading of salaries would be required if we were to maintain our median position in relationship to the salary plans applying in other comparable communities. After considerable review, it was indicated that a percentage increase would be required and, after conference with the Town's personnel consultant, this increase was presented to the townspeople and approved by town meeting action.

Rising inflationary forces continue to put a direct pressure on increasing wages and the Personnel Board in recognition of the various factors involved in such a consideration have attempted to maintain an equitable position for both the employees as the recipients of salaries and wages and the townspeople as the recipients of services provided by town employees.

Report of Town Planning

The Zoning Bylaws of the Town of Wakefield as amended to December 6, 1963, have been published and are now available.

The amendments voted in the 1963 annual town meeting included a more definitive Offstreet Parking Regulation, and limited the maximum number of apartments in a single apartment building to 24 units and increased the area requirements for multiple family dwellings of more than 2 units.

A new venture in Planning for Wakefield was adopted at the October special town meeting. To the Planning Board it appeared that the so-called Harts Hill area containing about 150 acres, bounded by Main, Nahant, Old Nahant, Oak, and Green Streets, needed detailed study so that the Board could have a guide plan for its proper development with regard to contours, present land ownership, and street and traffic circulation patterns. With the recommendation of the Finance Committee, \$6,000. was voted for a professional survey of this area. Accordingly, the firm of Edwards and Kelcey, Inc., was engaged to make such a study on which a final report is due in February 1964. The submission of plans for a proposed subdivision off Oak Street has been postponed by the developer until the results of the survey are available.

No new subdivisions were submitted for final approval in 1963, but approval was voted of the preliminary plans and profile of Davey Lane, off Butler Avenue. The subdivision called Indian Lane was completed during the year, and there are 10 subdivisions remaining incompletd, all secured by either performance bonds or other securities held by the Town Treasurer.

Including subdivisions, the Board acted on more than 110 land use problems in 1963.

The Board held 48 regular and 1 special meetings, 3 public hearings on streets submitted for Board of Survey approval, 1 on street naming, and 2 on zoning articles in the town meeting warrants. The Board, assisted by the Town Engineer, Joseph F. Casazza, prepared 8 rezoning articles for various citizens and businesses. The total number of zoning articles in the warrants was 19.

A revision of the Rules and Regulations Governing the Subdivision of Land in Wakefield is being prepared by the combined efforts of the Board and the Director of Public Works and the Planning Board.

It is my feeling, as Chief of Police, that this Police Department and the Town of Wakefield should take advantage of any opportunities to further the education of department members in every field of police work. In accordance with this practice, the department members have participated in several schools and conferences offered by the Federal Bureau of Investigation and by larger police departments or agencies in this area, as follows:

F.B.I. In-Service-Training Police School, Wakefield Police Station, Feb. 4,

11, 18 & 25, 1963, on Note Taking & Report Writing, Sex Offenders, Interviews & Interrogations, Preparation for Trial & Moot Court.

F.B.I. School on Police Administration, John Hancock Building, Boston, May 6 thru 17, 1963.

Cambridge Police Training School for Recruits, May 6 thru June 18, 1963.

F.B.I. Firearms Instruction, Camp Curtis Guild, May 13 thru 17, 1963; also Oct. 28 thru Oct. 31, 1963.

F.B.I. Seminar for Police Training Directors, American Mutual Insurance Co., Wakefield, May 13 thru 17, 1963.

Boston Police Training Session in Identification & Photography, May 22 thru June 14, 1963.

Mosler Safe Co., Waltham, Conference on Burglary & Safe-cracking, May 8, 1963.

F.B.I. Firearms Instructors Course, Camp Curtis Guild, Sept. 16 thru 20, 1963.

F.B.I. Special Police Conference on Bank Robberies, Reading, Dec. 3, 1963.

Also, on the same evening, the management and employees of the four Wakefield banks gathered at the Wakefield Police Station to confer with an F.B.I. Special Agent in regard to bank security measures.

F.B.I. Searches and Seizures School, Reading, Dec. 10 & 11, 1963.

The above courses were attended by some or by all members of the police department at little or no expense to the town.

During the year 1963, Patrolman Raymond J. Beane was retired from the Police Department after twenty-seven years of honorable service. Officer Beane was appointed a reserve patrolman on Nov. 10, 1936, became a regular patrolman on Jan. 1, 1939, and was retired on Feb. 18, 1963.

Patrolman William E. Myers, Jr., was also retired on Nov. 20, 1963, because of a physical disability. Officer Myers was appointed a reserve patrolman on Sept. 15, 1960, and became a regular patrolman on Oct. 1, 1960.

Roy E. Melanson was appointed a regular patrolman as of March 1, 1963, and James D. Crocker was appointed a regular patrolman as of Jan. 1, 1964. These two men filled the vacancies in the department in the rank of regular patrolman.

The Main Street Chevrolet Company, following its policy of several years, donated a 1963 station wagon to the department for use as a safety car. The Safety Officer visits schools and checks on children going to schools, playgrounds and bathing areas. His function is to aid the youth of the town in any way.

In this report, I should like to thank all those who have been of assistance to us in the performance of our duties during the past year.

Respectfully submitted,

J. MERRITT WENZEL

Report of Director of Civil Defense

This department was organized pursuant to directives issued by the Governor of Massachusetts and Chapter 639 General Laws of Massachusetts.

There is one paid employee serving part time as office clerk and field agent. The director and all other members of the organization are serving on a volunteer basis.

ADVISORY COUNCIL: The Director of Civil Defense requested the Board of Selectmen to reactivate the Advisory Council.

COMMUNICATIONS: The Quannapowitt Ham Radio Association has obtained a club license for our RACES network. It is licensed in the name of the late Everett Whitney and eliminates legal problems involved with licensing through an individual. This club has supplied the town with technical knowledge in the past on communications problems for which we owe them a sincere vote of thanks. Two portable radios on police frequency and one RACES base station and one mobile unit on the fire frequency for the Civil Defense Rescue Truck are now in service.

POLICE - FIRE SERVICES: These organized groups received regular training and available as are all units for varied types of emergency. Per Capita Cost of Auxiliary Policeman — based on 1964 budget — \$15.95; Per Capita Cost of Auxiliary Fireman — based on 1964 budget — \$42.67.

MEDICAL: A small group of highly trained personnel stand ready to man our emergency hospitals and fill in on minor emergencies.

MATCHING FUNDS: It is recommended by this department that the Town take further advantage of this program in all areas.

SHELTER: Under the direction of Deputy Director Frank Tredinnick two shelter sites, The Wakefield Trust Company and the Police Station, are licensed and stockpiled.

The director thanks Deputy Director Frank Tredinnick for his untiring efforts in the field of Civil Defense; The Board of Selectmen, and the heads of all town departments and the Daily Item for their cooperation in this effort.

In March, a public clinic was held to administer Oral Sabin Poliomyelitis Vaccine Type II to both children and adults. Over 1,200 doses were given. Voluntary contributions amounted to \$1,034.85 as compared to the expenditure of \$1,086.75. All three types of Oral Sabin Vaccine have been available at the Board of Health office for those who either missed a Type or wished to start the series.

The Board of Health accepted with regret the resignation of Mrs. Shirley Stoddart R.N. as of July 1, 1963 and announced the appointment of Mrs. Jean Anderson R.N. to become effective on the same date.

Influenza inoculations were given to the Policemen, Firemen, and Traffic Supervisors.

Diphtheria, Tetanus and Whooping Cough immunization clinics were held for pre-schoolers and also first and sixth grades with 26 receiving a series of three inoculations and 163 receiving booster inoculations.

At the present time, there are 4 patients in the hospital with Tuberculosis. There have been a total of 10 admissions throughout the year with a total of 3 new tuberculosis patients and 17 patients on Chemotherapy.

The following is an abbreviated summary of field trips, nursing services and investigations made by the Public Health Nurse and Agent:

Nursing visits to Tuberculosis patients and contacts	76

Report of Board of Public Welfare

The Wakefield Board of Public Welfare respectfully submits its annual report for the year 1963.

The various categories of assistance under the supervision of the Board, are General Relief, Aid to Families with Dependent Children, Disability Assistance, Old Age Assistance, and Medical Assistance for the Aged. The last four (4) are part of the Social Security Act. Many types of employment are not covered under the present Social Security Act, and the present grants under Old Age and Survivor's Insurance Program are not sufficient to provide for the individual's needs, and therefore they are required to seek public assistance in addition to their Social Security grants, to meet the present costs of living. Under the present laws governing the administration of public relief, all needs are met — there is no maximum amount. This means that an individual's needs, to include medical, hospital and all other services are provided, in addition to the needs in the home.

Public Welfare

During 1963 there were 40 cases aided under this category in Wakefield with an expenditure of \$12,270.00. Assistance under this program is granted to individuals who are not eligible for other types of assistance. In most cases, applications are received from individuals due to sickness or unemployment. They are not constant cases and sometimes receive assistance for a short period of time only. This is the only category of relief in which the Federal Government does not participate, with the exception of Cubans.

Aid To Families With Dependent Children

During 1963 the local Board aided 43 cases under this program. The cost of this program was shared by the Federal Government, the State and the local community.

Disability Assistance

This program is part of the Social Security Act. During 1963, 33 cases have received a direct grant from this agency. The Federal and State reimburse the community according to the formula for assistance granted. The Federal money is held in a special account by the Town Accountant — the State money goes to the General Fund or the Excess and Deficiency Account of the Town as an estimated receipt.

Old Age Assistance

During 1963 there were 192 cases aided by the Wakefield Board of Public Welfare under this category; the Federal and State Government reimburse this Town for assistance rendered according to the formula. This program supplements the recipient's Social Security or Retirement plan to bring their needs up to the State Standards of Assistance.

Medical Assistance For The Aged

Medical Assistance for the Aged is also part of the Social Security Act, and became effective on October 1, 1960. The costs are shared also by the Federal, State and local Government. This program has increased tremendously since its effective date. The total number that were on the program during 1963 was 159.

The following is a monthly breakdown of expenses for the four (4) Federal categories during 1963 showing grants as well as medical.

Report of Recreation Commission

Weekly meetings were held on Tuesday nights during the past year. Visitors were always welcome at these meetings.

Twelve supervised areas were provided for the children during the summer. The Demonstration Day program at the end of the summer enabled parents and friends to see some of the best work done at the various playgrounds.

A Swimming Meet to declare the town's champions, and a Track and Field Meet for the same purpose were also part of the last week's specialties.

In 1963, more than any other year, adult recreation was given special attention: Softball — consisting of an eight-team league, was played under lights at Veterans' Field. Eighty games in regular season and sixteen games in the play-offs made up the summer schedule. Physical Fitness For Women, was held during the winter months, one night a week, in the Atwell Gymnasium. Physical Fitness For Men, was held three nights a week at the same gymnasium. At Dolbeare Gymnasium, one night a week, golf lessons by a well known professional instructor were given to classes of men and women.

Eight staff members attended a week-end institute at the University of Massachusetts at Amherst and reported back to other staff members.

A Safety Course by a representative of the local Red Cross Chapter was given during the summer. Certificates were given to those completing the course satisfactorily.

The summer play areas were: Common, Col. Connelly, Dolbeare, J. J. Round, Maple Way, Montrose, Moulton, Nasella, and Woodville. The Swimming areas were: Col. Connelly, and Spaulding Street. Track and Field events were held at Walton Field.

Games for boys and girls were: checkers, bean bags, croquet, swings, sand box, seesaw, clock golf, puzzles, dominoes, story-telling, horseshoes, tennis, volleyball, badminton, basketball, baseball, and track and field events.

Picnics were held at Col. Connelly Park weekly by the various playgrounds. Special Events during the year were: Handicraft, all playgrounds. Folk Dancing and Pageantry, all playgrounds. Metropolitan District Commission Mobile Zoo, Moulton, Nasella, Common, and Maple Way. Baseball Trip, Boston Red Sox, Kansas City. Educational Trips, Museum of Science, Boston, and Historic Salem. Pleasure Trip, Pleasure Island. Track and Field Meet, Championship ribbons, 1963, boys and girls, and Demonstration Day, Theme — The American Heritage, boys and girls from all playgrounds. Also exhibition of best work done in handicraft.

The new tag system was used for the second year. More than 5000 resident and 300 non-resident tags were used for the purpose of identifying those using the swimming areas.

Residents purchased these tags at cost, and could use them the entire season. Non-residents had to purchase a tag each time they used the beach. The cost to them was 75 cents each time. The above system was necessary in order to make sure residents of Wakefield would have priority, and not be overrun by non-residents. The aggregate attendance at both beaches was 28,036.

The Commission held classes in swimming and life-saving for residents of Wakefield. Trained instructors taught the classes. No charge was made for instructions. Registration for classes began in the last week of June. All instructors were qualified to issue Red Cross Life-Saving Certificates. This program was run with the co-operation of the Wakefield Chapter of the American Red Cross Water Safety Program. More than 400 took part in these classes.

The personnel consisted of a director: play areas, seven men, eleven women; swimming, two head-life guards, two assistant head-life guards, eight life guards, two gate tenders, and one checker; physical fitness, four instructors, one custodian; Golf, one instructor, one custodian; Clerical work, one girl.

The aggregate attendance for 1963 was 67,036. This was 2,426 more than 1962.

There were 175 minor injuries, no serious injuries were reported.

Proposals for 1964 are as follows: 1) New playground at Montrose, 2) New bleachers at Moulton Field, also New Field House, 3) Remove snow for skating on Lake, 4) Make additional area at Lake ready for swimming, and 5) Make possible old Hill property for Recreation Center.

The Recreation Commission gratefully acknowledges the co-operation of the Wakefield School Department, the Wakefield Daily Item, and the St. Joseph's Senioritas.

The new Field House at Maple Way was an asset. The organizations from Greenwood who added money to the Town's appropriation in order that the outside of the house be painted and the inside finished deserve a special acknowledgement on account of their civic generosity.

The Recreation Commission is appointed by the Selectmen.

Recreation Commission,

Report of Board of Public Works

As we review the year 1963, it is well to pause and evaluate our accomplishments and make plans for the problems that lie ahead and their accomplishment. The Board of Public Works feels that basically their problems are also the problems of the Townspeople and would ask for their continued patience and interest toward the solution of these problems together.

The Board of Public Works has successfully completed its 1963 programs for the construction of residential sewers, the school area sidewalks, street construction under the Betterment Act and the water relay program.

Under contract, but remaining to be completed in the spring, are the trunk sewer program, the drainage program and the individual sidewalk program.

The water rates were reduced, effective in July 1963, after an exhaustive study of the problem as it relates to present and anticipated revenues, considering the Water Division is still faced with the construction of a water tower to reinforce the water system and provide adequate service and fire flows to the Town. The Board is now pursuing all avenues to locate a suitable site for the water tower and hopes that in the coming year this problem can be solved.

The problem of the Saugus and Mill River drainage outlet is still before us and after attempts to get State and Federal aid in the past year proved unsuccessful, we have now filed legislation with the General Court for consideration in 1964 to provide State assistance in eliminating this problem.

In 1963 the Board gathered its existing policies and voted new policies into a bound volume to aid our deliberations upon future similar problems.

Also major problems still before us are:

The ultimate location of a suitable site and the construction of an incinerator as our present dumping, and garbage removal, costs continue to rise and the future outlook is that they will continue to rise at an even more rapid rate.

The sewer extension to the Industrial Area still continues to be a problem and the Board's position remains unchanged. If a package can be shown to be beneficial tax-wise to the Town, then we will favor an acceleration of our planned program of extension which would otherwise cover the span of several years. In the meantime, the first step of this trunk sewer is now under contract and construction will begin in the spring.

We regretfully accepted the resignation of Mr. Anthony Minichiello in November of 1963. Mr. Thomas F. Daley, Jr. was appointed to fill the vacancy until the next Town election.

For additional details of work completed this past year, we refer you to the following reports of the Director of Public Works and the Division Supervisors.

REPORT OF THE DIRECTOR OF PUBLIC WORKS

To the Board of Public Works

Gentlemen:

As required by Chapter 48 of the Acts of 1950 an Act authorizing the Town of Wakefield to establish a Board of Public Works, I respectfully submit for your consideration a report of the work accomplished in 1963 with recommendations for the future.

A concerted effort was made this year to increase the maintenance workload of the Department in order to decrease the backlog of this type of work remaining to be done with some success. The passage, by the State Legislature, of Chapter 782 of the Acts of 1962 and Chapter 822 of the Acts of 1963 has allotted State funds to the Town of approximately \$67,000.00 to be used for Highway Maintenance which should go a long way in the next two years toward providing us with the necessary funds to improve many Town streets that are sadly in need of maintenance. It is strongly recommended that these funds be used in areas where no other State Aid is available.

The location of a water tower to improve our distribution system still remains a serious problem to be solved and negotiations are being conducted with the Town of Reading and the Federal Government to procure a suitable site on the present Nike Site which is being phased out of operation.

A study of Water Department operational and capital costs completed this year, allowed the Department to effect a rate reduction and to allow a 10% cash discount for prompt payment of water bills.

The weed control program for Lake Quannapowitt which was authorized in 1962 is progressing very satisfactorily and after next year, the expenditure of a small amount of money annually should keep the lake free from the weed nuisance.

This year also saw the establishment of a Construction Division within the Department which has enabled us to maintain control of all our contract operations and in the future should allow us to benefit by way of lower costs by employing our own inspection force rather than using consulting engineers for this purpose. Our Engineering Division was also expanded to allow the Town to develop more of our own engineering plans and studies. The Director feels that this can be accomplished more economically than by retaining consulting engineering services for this purpose.

It is also felt that the Department should, in order to be more effectively operated and to be more properly administered, be physically located in one place. To this end an article has been inserted in the 1964 Annual Warrant to construct additional garage and office space at our existing North Avenue facility and for the previously outlined reasons would strongly recommend favorable action in this regard.

In closing, the Director would like to reemphasize the need for the Department to grow at the same rate as the demand for services by an ever increasing population, if these services are to be properly provided by the Public Works Department.

For additional detail of the work accomplished this past year, you are referred to the following reports of the Division Supervisors.

Respectfully submitted,

RICHARD C. BOUTIETTE, Director

REPORT OF THE ENGINEERING DIVISION

All engineering services required by the various divisions of the Department of Public Works were provided by this division. Engineering services requested by other Town departments were also provided when not in conflict with our work schedule.

The estimates, plans, specifications and contracts for all of the work done by Contractors this year were compiled and accomplished by this division. The contracts were for streets, sewer, storm drainage and sidewalk construction; the actual locations of which are itemized in the Reports of the Sewer and Highway Division Supervisors.

This division worked in conjunction with the Planning Board in all matters related to subdivisions being constructed under the provisions of the Subdivision Control Law.

One of the more extensive of the many field projects was the work in connection with the Mill River-Saugus River Trunk Sewer Project. As the name of the project implies, the project will establish a trunk sewer in the Montrose Area which will eventually carry sewerage from the Industrial Park on Route 128 and also from the residential areas around Montrose Avenue and the easterly end of Salem Street. A field survey was made along the entire route of the proposed trunk line from Farm Street to the Industrial Park. This survey was to show the topography of the area and any existing conditions along the way that would affect the eventual construction. The results of this survey, along with the report submitted by Camp, Dresser & McKee, Consulting Engineers, in 1954 were used in establishing the actual location and grade of the first 3500 feet of this trunk sewer, and a contract was prepared for constructing the same.

The office work was primarily; estimated costs and quantities, and plans for the various construction projects; calculating street, sidewalk and sewer betterment assessments, preparing various contracts, and many miscellaneous plans such as easements required for various projects. The compiling of all data to establish the status of streets in the Town in regard to their being a public or private way, width, being laid out by the Board of Survey, etc., is almost completed and we hope to have this information published in the 1964 Annual Report.

Respectfully submitted,

JOSEPH F. CASAZZA, Town Engineer

HIGHWAY REPORT

Street Cleaning: The business and church areas are swept weekly when weather permits. All public streets are swept annually starting in the spring of the year.

Traffic Lines: This work is done annually by contract. All center lines, crosswalks, stop lines, parking lines, traffic circles, etc. are included.

Street Signs: Approximately one-third of the old street signs have been replaced with aluminum reflecting signs.

Snow & Ice Removal: 3693 tons of sand was used during the winter season and 545 tons of salt.

Cleaning Catch Basins: Approximately 800 catch basins, manholes and sluiceways were cleaned during 1963.

Miscellaneous Drainage: Various brooks were cleaned throughout the Town, several broken catch basins and manholes were rebuilt and pipe replaced where necessary.

Sidewalk Repairs: Concrete sidewalks were replaced on Main Street opposite Lawrence Street; Oak Street near the Fire Station, Main Street, Greenwood and various broken and heaved squares were replaced throughout the Town. Bituminous concrete sidewalk was replaced on Chestnut Street from Prospect Street to Fairmount Avenue. Various other locations were patched and resurfaced.

Patching: This work was carried out in conjunction with the Surface Treatment Program along with miscellaneous patching on various streets.

Surface Treatment: Sealed:- Common Street, Parker Road (Elm Street to Parker Circle), Church Street, Elm Street Ext., Broadway (partial), Nelly Street, Elm Street, Cedar Street (partial); Hot top, Smith Street, Preston Street, Crescent Street.

REPORT OF THE MOTH AND TREE DIVISION

During the year we lost over a hundred trees throughout the town due to the Dutch Elm Disease and other causes. The Dutch Elm Disease is still at a steady incline. Most of these trees, with this disease, have been removed.

We found no Gypsy Moth, but the Tent Caterpillars and Japanese Beetles have increased in many areas.

With our Mist Blower we were able to spray our Elm trees twice, including the roadside areas.

I would like the cooperation of all property owners to destroy or put under cover all dying or freshly cut elm wood. This is the only means of combating the Dutch Elm Disease.

We planted two hundred Maple trees on new and various streets throughout the town.

At this time, I would like to express my appreciation to the Board of Public Works and the Director for their cooperation. I would also like to express my appreciation to the Civil Defense Director and to the members of the Municipal Light Department for their continued cooperation.

Respectfully submitted,

ERNEST J. McWHINNIE, Supervisor

PARK DIVISION

In addition to our regular maintenance work the following special projects were completed:

Hall Park Development

22,500 square yards developed, loamed and seeded; using 616 cubic yards of loam.

1,815 square feet of walk graveled and rolled ready for hot top.

The parking area was scraped and graded ready for fill and hot top.

The Girl Scouts and Camp Fire Girls on Arbor Day donated and planted five trees.

Nasella Playground

20,000 square feet was developed and graded at the Melvin Street Extension.

Veterans' Field

The cement steps at the entrance to the field were removed and area leveled. The outfield was reloamed and seeded.

Park Playground

A new swing was installed at the southerly side of the Lake.

Colonel Connelly Park

The Bath House in this Park was repainted.

About seventy five tons of sand was deposited on the Beach at Spaulding Street.

REPORT OF THE SCHOOL COMMITTEE

During the past year, three incumbent members were re-elected to the School Committee, namely, Lawrence J. Fitzgerald, Henry B. McConville and Gertrude M. Spaulding. The following members were elected as officers:

Lawrence J. Fitzgerald, Chairman
 William W. Allyn, Secretary
 Lenora P. LeCours, Treasurer

As in past years, the Committee met on the second and fourth Tuesdays of each month with the exception of the months of July and August. The organizational meeting was held on the first meeting in September at which time the Committee recognized the out-going chairman, John P. Turner, for his services during the prior year.

In addition to the regularly scheduled meetings, the Committee held several special meetings, particularly during the early Fall for the purpose of preparing the annual budget for the School Department.

The past year has witnessed a continued success in the operation of the School Department. The Committee has had complete cooperation from all individuals within the School Department, and, in the last analysis, it is to all these people that the School Committee and the people of the Town of Wakefield are indebted.

As in past years, the Committee spent considerable time upon the continuing development of the curriculum at all grade levels, upon certain proposals for the institution of a Basic Studies program at the High School level, upon the problem of drop-outs, upon the library needs of the Town as they relate to the School System, upon the necessity for and the establishment of a Regional Vocational High School, upon the need for personnel in specialized teaching areas, upon the adequacy of our present school facilities in the light of a continued increase in our school population in certain areas of the Town and upon the over-all supervision of the School Department properties.

The Committee kept itself informed on all legislation bearing upon the field of education and declared itself in favor of greater aid from the Commonwealth of Massachusetts to its cities and towns.

The Summer School Program continued to be well received and provision has been made for its continuance in the future.

The Adult Education Program was reviewed in terms of the interest shown in courses offered and revisions were made to present those courses most desired by the people of the Town.

The Committee voted to continue its sponsorship, in conjunction with the Board of Health and the Eastern Middlesex Mental Health Association, of the Mental Health Clinic whose facilities are available to the School Department.

Each year brings the retirement of personnel who have given many years of faithful and valued service and the following were retired during the past year:

Catherine A. Doran, Helen M. Delaney, A. Christine Callan, Walter E. Antunes.

The Committee again reviewed the teachers' salary schedule and as a result it was voted to adopt the following schedule to be effective September 1, 1964:

Bachelor's Degree

\$4800 - 7700

Master's Degree

\$5200 - 8100

In addition to the above, there is an additional \$400 for those with 30 points of collegiate credit beyond a Master's Degree.

It was the opinion of the Committee that the above schedule would attract qualified teaching personnel to our School System, would allow this town to be competitive with other school systems, and would also recognize the personnel now within our School System.

The year 1963 brought the tragic death of our late president, John Fitzgerald Kennedy, and the Committee noted his passing by the adoption of the following resolution:

"RESOLUTION"

WHEREAS: John Fitzgerald Kennedy, the thirty-fifth President of the United States of America, passed away on November 22, 1963 at the hands of an assassin, having rendered to his country a lifetime of great and courageous service, both in time of war and in time of peace; and

WHEREAS: John Fitzgerald Kennedy, through great personal sacrifice and through great personal dedication, espoused and furthered the basic concept that all men are endowed with natural and unalienable rights; and

WHEREAS: The recognition of this basic concept is the premise upon which our educational systems in our United States of America have been founded, have been able to grow and to reach fruition, have been able to contribute in untold measure to the progress of our nation and of the world;

NOW THEREFORE: Be it resolved that the School Committee of the Town of Wakefield, in public meeting gathered, on this Twenty-eight Day of November, 1963 does hereby observe with great grief and sorrow the untimely and tragic death of a truly great, noble and courageous leader.

Respectfully submitted,

LAWRENCE J. FITZGERALD, Chairman
WILLIAM W. ALLYN, Secretary

To the Wakefield School Committee:

I have the honor to present for your information, the Annual Report of the Superintendent of Schools for the year ending December 31, 1963.

This past year has been similar in many respects to what has been taking place during the past several years. We have been viewing myriad and momentous changes nationwide in education. We may say that the past decade will be considered as one of the most important in American education. Wakefield has been aware of the changes taking place but we have proceeded with caution as we enact new changes in our program. I recognize that when we are tempted to change, hazards may result but we also recognize that resistance to change may bring greater hazards. The rising tide of children which came into our schools during the past decade brought many problems, one of which was the quantity of education. Now our resources must turn to quality in order to realize the full potential of the youth if we are to fulfill the needs for human progress.

We have proceeded in our changes methodically and cautiously with considerable study and deliberation but changes have been made. Not for the sake of change but for the improvement of our educational program. Therefore, when we introduced French in the elementary schools, developed an individualized program through homogeneous grouping in our junior high school, began a summer program for enrichment, expanded our language to a 3 or 4 year sequence in some languages, placed greater stress on the improvement in written composition or began a program of modern mathematics, it reflected our own thinking of some of the changes that are essential. New ideas are being initiated and others are being contemplated. Our educational system must be dynamic and ever striving for adaptation to the new which has proven valuable and worthwhile.

With these changes come many problems, especially as they effect the classroom teacher. It is no longer possible for a teacher to have one method or technique of teaching and hope that it will be satisfactory year after year.

As we attempt to provide a better program for our youth by constantly examining and evaluating our present program and making the necessary modifications and additions, it has made us extremely conscious of the necessity for good articulation from grade 1 to grade 12. Some subject matter formerly associated with the senior high school is now introduced at lower grade levels. Therefore teachers in all grade levels must work

more closely together if the programs are to be developed and coordinated properly.

We are attempting to have each grade level and each school kept better informed about the programs in other schools and grades in so far as possible through workshops, conference and group meetings. These have been held after school hours when a teacher has already completed a days work. We feel strongly that this is not as effective as we would like and therefore are recommending that summer workshops be instituted where concentrated attention can be given to a particular area of study. We recognize the need for greater articulation and we are planning accordingly.

In connection with our attempt to have teachers aware of their school system an unusual change was made in our school calendar. Instead of the teachers attendance at the County Teachers' Convention the high school and junior high school teachers spent a day visiting and observing at the elementary school level. On another day, the elementary teachers spent a day visiting either the junior or senior high school. An evaluation of this experience of sharing ideas assures us that it was most worthwhile.

Many of the comments we hear about the schools is their cost. With constantly increasing enrollments, the rise in teachers' salaries and the changes in our school program, the raising of sufficient funds to keep a program in operation is of vital importance. Much time is given to studying our expenditures to make certain that the money is well spent. We are equally certain that in the future if public education is to continue performing its proper function to all the children of all the people, greater demands will be made on the taxpayer to meet the costs. I would like to emphasize once again that the responsibility of providing the necessary funds to support adequately the total educational program cannot be financed by the local property tax. The national government and state must assume a greater fiscal responsibility for the support of education. Rationalization at the state level has continued long enough and it is now time for our General Court to show the necessary courage and dedication by providing the necessary funds to local communities to help meet the financial needs necessary for an adequate and desirable education for all children.

We must make some provision for the introduction of an advanced placement program in our Secondary School. As our curriculum is studied, revisions will be instituted to make such a program possible. We believe with very little change a program in English and Social Studies can be provided. However, in Science and Mathematics it will be more difficult. Algebra will be offered to the top five per cent of the 8th grade and Biology would be offered to a similar gifted group at the ninth grade level. Such a program will entail difficult work and would be available to only those academically and intellectually able to complete the assignment.

We look with satisfaction at the results of our summer school program. Each year more and more students benefit from this experience. I look forward to the day when an opportunity will be provided to each student who wishes to attend school for a six weeks period during the summer vacation. This should be on a purely voluntary basis and would be supported from school funds.

Our schools have made full use of Public Law 864, under Title III, which gives financial assistance for strengthening science, math and modern

foreign language instruction. The program is a matching program with 50 per cent of the costs of projects being financed by the Federal Government. The major help received this year was for the installation of equipment for an additional chemistry laboratory. During the year 1963, a total of \$2,493.26 was received by Wakefield from the government.

We have experienced a full year of consultation service from the Eastern Middlesex Health Clinic. A number of students and parents have availed themselves of the service offered. The clinic has worked closely with the school officials in helping the school to effect personal adjustment as needed.

A major change taking place in the central office is a complete revision of the accounting system which matches a recommended form developed by the Federal Government and supported by the Division of Research and Statistics of the Massachusetts Department of Education. The State Department is attempting to standardize procedures throughout the state in order that reports and statistics from their office will be more meaningful and satisfactory. We are able to make this change with but little confusion through the use of our machine-operated accounting system.

MAJOR REPAIRS AND IMPROVEMENTS—1963

Senior High School

Chemistry teaching facilities were increased by the addition of new laboratory equipment. Secondary egress doors have been provided on the second and third floors of the Willard B. Atwell Building.

Exterior trim of the Memorial Building, the lower elevations of stucco on the Atwell Building and the garage were painted. Repairs were made to the roofs of both buildings. The refractories of two boilers were rebuilt. Steam traps were cleaned and thermostatic elements replaced on one floor to complete a program in the Atwell Building.

Four classroom floors were sanded and refinished. Typing desks were covered with plastic tops in one room. Twenty four classroom windows were repaired and weather stripped and the back rails of the portable bleachers were reinforced.

A wet and dry vacuum cleaner was purchased.

Elementary Schools

At the Woodville School, a new clock system with new wiring and new classroom convenience outlets were installed; miscellaneous wall areas were replastered, the east elevation was waterproofed and the interior and exterior of the building were painted.

The play area at the F. P. Hurd School was regraded and repaved. Sections of roof at the Franklin and Greenwood Schools were repaired in a continuing program, and the second floor classrooms and corridor at the Franklin School were painted.

At the Harris M. Dolbeare School interior window sash were treated with wood preservative. The return drums of the boiler were renippedled. The return drums of the boiler at the Mary E. Walton School were renippedled and the exterior window sash were treated with wood preservative.

At the Lincoln School three smoke screen partitions and doors were installed in the corridors. The grates were reset and fire brick repaired in the boilers.

The rear exit in the first floor classroom at the West Ward School was relocated.

A new car was purchased for the attendance officer.

I am grateful to the School Committee, my colleagues, and the citizens of Wakefield for their valuable assistance and contributions during the past year for the successes which have been achieved.

Respectfully submitted,
JOHN B. HENDERSHOT, Superintendent of Schools

1963 REPORT OF THE LIBRARY TRUSTEES

The year 1963 brought changes to the Lucius Beebe Memorial Library. The conflict of interest law, which became effective on May 1, 1963, necessitated the resignations of two able and dedicated members of the Board of Trustees. At the meeting on April 11, 1963, the Board voted to accept with utmost regret the resignations of Mr. Moses M. Frankel and Mr. Thomas L. McManus.

On June 13, 1963 the Board welcomed two new members, Mr. A. David Mazzone and Mr. Louis R. Sardella.

The year's end terminated forty years of service to the library by Miss H. Gladys Mackenzie. Coming to the library on July 16, 1923, Miss Mackenzie held positions of General Assistant to the Librarian, Children's Librarian, Cataloguer and on occasion, Librarian pro tem. A reception given in her honor by the Trustees and Staff on Sunday afternoon, December 29, 1963 brought many citizens to pay tribute to Miss Mackenzie's long and faithful service to the Town of Wakefield and to wish her health and happiness in her retirement.

Four articles, published in the Wakefield Daily Item and written by Mrs. Frank A. Tredinnick, commemorated National Library Week, April 21-27. The first article noted the eighteenth century libraries of Reading and South Reading and the Beebe Library located in the Town Hall. The three remaining articles described the forty years of ever broadening library service since the dedication of the Lucius Beebe Memorial Library on April 15, 1923. Over the years no friend has been more loyal or generous to the Library than Mary Louise Tredinnick.

The new Greenwood Branch of the Lucius Beebe Memorial Library was dedicated and opened for inspection on Sunday afternoon, May 5, 1963. Miss Bella Rattray and her committee members, Mrs. Susan Day, Miss Effie Rattray, Mrs. Joseph Rector, Mrs. Ely Scherl and Mrs. Walter Scott served punch and cookies to the hundreds of people who took advantage of this opportunity. On the following Monday the Branch opened for service under an increased schedule of hours.

Acting under a mandate of the Report of the Library Survey Committee, Article 51 of the 1960 Annual Town Meeting and under Article 32 of the 1963 Annual Town Meeting, appropriating \$2,200 for an architectural survey of library needs, the Trustees, on April 17, engaged the services of Mr. James F. Clapp, Jr. of the firm Shepley, Bulfinch, Richardson and Abbott. The present main library building was built in 1922 to serve a population of 13,000. Plans developed by Mr. Clapp and the Trustees with Library Consultant Mr. Philip McNiff, make excellent use of the present structure and offer facilities for the greatly expanded present needs and the anticipated maximum population of 37,000 in 1980.

These plans double the space allotted to youth, provide a street level entrance to an adult reading and reference area, and enlarge the children's room on the ground floor. A separate entrance and facilities are added to the lecture hall. Modern book cases, replacing the stacks, enlarge the storage space for books. The plans provide a well-placed central control desk and flexible use of the entire building.

The architect's drawings harmonize the exterior of the proposed addition with the memorial nature of the present building. The addition conforms, too, to the residential neighborhood.

The Library Trustees will seek an appropriation to enlarge the main library building at the 1964 Annual Town Meeting.

LIBRARIAN'S ANNUAL REPORT — 1963

Once more we must report a year of striving to serve our borrowers well in too small a space, and with too few facilities. During 1963 the largest increase in book circulation was once again noted in the children's room, where almost 66,000 books were borrowed during the year. Except during school vacations, almost all of the children visit the library between the hours of 3:30 p.m. and 5:30 p.m. and not only borrow books, but ask for help with school assignments. It is virtually impossible in our present children's room to give adequate service to the increasing number of children who crowd the room. In addition, the story hours and summer programs are increasing in size and even using both lecture hall and children's room gives us barely enough room. The same crowded conditions prevail in the Youth Room where there are never enough chairs for the students who come to work on school assignments, while the shelves will not hold the books they need, and we have absolutely no space for special collections. At the same time more and more college students are using the reference room, and here also we need not only more chairs and tables, but more shelf space. Many badly needed reference works were added during the year from the special fund voted at the 1963 Town Meeting, but we need more space to house them.

The addition of more reference books to the youth room has helped students to find their own material, thus cutting down on the number of unnecessary questions the librarian must answer. Unfortunately, in common with other libraries across the country, we are plagued with mutilation and theft, particularly of reference material.

The opening of the new branch library at Greenwood was greatly appreciated by Greenwood residents. The circulation figures do not begin to show the use which is being made of the library. Here, as at the main library and at our Montrose branch, a great deal of reference work is done for students. There is a well attended pre-school story hour at Montrose and we have recently started one at Greenwood.

In an effort to control the number of overdue books and to eliminate the overwhelming number of telephone renewals, a new schedule was started

in October with books being charged for four weeks instead of two, and fines raised to five cents a day. There has been some improvement in the number of books kept out too long, but not as much as was hoped.

During the year, inventory was taken at both the Greenwood and Montrose branches, the catalogs checked and old editions replaced with new ones when necessary. With the addition of extra reference works both branches are now well equipped to serve the neighborhood.

There have been several changes in personnel during the year, but the one which will be most felt by both the staff and public was the retirement of Miss H. Gladys Mackenzie after forty years as a member of the staff in many capacities.

Staff members have served in many organizations — Mrs. Duggan, Children's Librarian, attends meetings of the Children's Librarians' Round Table, The Eastern Massachusetts Children's Book Review Association, The Massachusetts Film Cooperative and the Children's Literature Discussion Group. Mrs. Bush, Youth Librarian, is a member of the Young Adult Librarians' Group, and Miss Taylor serves on the Executive Committees of the North Shore Library Club and the Massachusetts Library Association, is Chairman of the Greater Boston Book Review Club and is a member of the Greater Boston Library Administrators Council. She was grateful for the opportunity to attend the meeting of the American Library Association in Cleveland and the pre convention discussion on Library Architecture.

As has been mentioned in the report of the Library Trustees, much time has been spent on planning an addition to the present main library building. It is the earnest hope of the Trustees and staff that the plans will meet with the approval of the townspeople of Wakefield so that the present overcrowding may be eliminated and full library service given in expanded quarters.

Report of Municipal Light Board

To the Citizens of the Town of Wakefield:

We submit for your consideration the seventieth annual report of the Municipal Light Board for the year ending December 31, 1963.

The net profit of the Department was \$241,641.00 as compared to \$258,047.11 in 1962. The sale of gas increased 4.07% and electricity 0.02%.

The balance in the Operating Fund was \$304,101.02 as compared with \$265,318.25 in 1962.

The sum of \$165,000.00 was paid to the Town to be used in computing the tax rate for 1963. The total amount paid to the Town is \$1,373,229.57.

The Manager's report including financial statements for the year are included in this report.

Respectfully submitted,

JOHN MORLEY, Chairman

JAMES B. WISWALL, Secretary

EDWARD D. CONWAY

To the Board of Light Commissioners:

The following condensed Profit and Loss Statement shows the financial operations of the Department for the year ending December 31, 1963 and the difference from the previous year.

Sale of Gas and Electricity	\$1,860,222.98	Decrease	\$15,817.80
Cost of Gas and Electricity	1,050,577.86	Increase	14,697.29
Gross Revenue	809,645.12	Decrease	30,515.09
Operating Expense	567,750.69	Decrease	14,408.04
Operating Revenue	241,894.43	Decrease	16,107.05
Other Revenue	4,386.66	Increase	175.64
Total Gross Revenue	246,281.09	Decrease	15,931.41
Other Expense	4,640.09	Increase	474.70
Net Income	241,641.00	Decrease	16,406.11
Paid to Town in lieu of Taxes	165,000.00	Increase	75,000.00
Net	\$ 76,641.00	Decrease	\$91,406.11

During the year we installed 73 new electric services and 23 transformers. We added a total of 86 new street lights, including 32 mercury lights on Chestnut St.

Our electric profit was reduced due to the rate reduction, effective April 1. The rate changes will result in annual savings to consumers of \$80,000.00.

We received refunds of \$28,000.00 from our gas supplier for price adjustments on gas we purchased from July 1957 through December 1962. The gas producers and transmission companies were obliged by the Federal Government to make the price adjustments and refunds.

Report of Town Clerk

ANNUAL TOWN MEETING

March 11, 1963

Meeting called to order at 7:37 P.M. by Moderator Roger H. Wingate, who read the call for the meeting.

On motion by Fred A. Beyer, Jr., Chairman of the Finance Committee:

Voted: That further reading of the warrant be dispensed with.

Constable's return read by the Town Clerk.

A statement by Mr. Beyer, outlining the policy of the Finance Committee and their view of the effect on the tax-rate if the recommendations of the committee are followed, was made.

ARTICLE 1

To choose all Town Officers not required to be elected by ballot.

On motion by Mr. Beyer:

Voted: That the subject matter of Article 1 be laid on the table.

ARTICLE 2

To see if the Town will vote to authorize the town treasurer, with the approval of the selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1963, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 4, Chapter 44, General Laws.

Paul Lazzaro and Others.

On motion by Mr. Beyer for the Finance Committee:

Voted: To authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1963 and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year, in accordance with Section 4, Chapter 44, General Laws.

ARTICLE 3

To determine how much money the Town will raise and appropriate for General Government, Protection of Persons and Property, Health and Sanitation, Public Works, Charities and Veterans' Benefits, Education, Recreation and Unclassified, Public Service Enterprises, Interest and Maturing Debt, specifying what appropriations shall be taken from the receipts of a department.

Town Planning Board.

Mr. Thomson read the report of the Planning Board which stated that, pursuant to a notice published in the Wakefield Daily Item on February 4, 1963, a public hearing was held on Tuesday, February 12, 1963 in respect to Article 39, as was also done in reference to Articles 37 and 38. The Planning Board unanimously voted to recommend favorable action on Article 39.

On motion by Mr. Thomson:

Voted Unanimously: To amend the Zoning Bylaws by deleting paragraph (G), Additions, in Section 3, General Residence Districts.

ARTICLE 40

To see if the Town will vote to amend its Zoning Bylaws by deleting paragraph (d), Earth Removal, in Section 6., Non-Conforming Uses.

Town Planning Board.

Henry S. Brinkers reported for the Planning Board. The advertising and hearing were done according to law.

On motion by Mr. Brinkers:

Voted: To amend the Zoning Bylaws by deleting paragraph (d), Earth Removal, in Section 6, Non-Conforming Uses.

The vote in the affirmative was unanimous.

ARTICLE 41

To see if the Town will vote to strike out paragraph (f), Prohibited Uses, of Section 1., Districts, in it, Zoning Bylaws and adopt in place thereof a new paragraph (f) reading as follows:

The use of land or buildings within the Town of Wakefield for race tracks, drive-in theaters, commercial amusement parks, tourist cabins, trailers or trailer parks, motels, junk businesses, junk yards, so-called automobile graveyards, racing dog kennels, boarding kennels, or veterinary hospitals or kennels is prohibited; provided, however, that a single trailer, with or without wheels, used as a place of habitation may be permitted as an exception in accordance with and subject to a written permit therefor issued by the Board of Appeals after a public hearing thereon, notice of which shall be given in accordance with Section 17 of Chapt. 40A, of the General Laws, as amended.

No such permit shall be granted by the Board of Appeals if in its judgment the use, maintenance, location, occupation of, or other conditions pertaining to such trailer would tend to affect adversely the health, safety, convenience, character, or welfare of the neighborhood or of the Town.

Each special permit issued pursuant to these provisions of this section of this bylaw shall be for such period or periods and on such terms and conditions as the Board of Appeals shall determine to be reasonably necessary or advisable for the protection of the public health, safety, convenience, character or general welfare of the neighborhood or of the Town, and shall be revocable at the discretion of the Board of Appeals with or without notice to the holder of the permit.

Town Planning Board.

Miss Ruth A. Woodbury reported for the Planning Board. All legal requirements regarding advertising and public hearing were complied with.

On motion by Miss Woodbury:

Voted: To strike out paragraph (f), Prohibited Uses, of Section 1., Districts, in its Zoning Bylaws and adopt in place thereof a new paragraph (f) reading as follows:

The use of land or buildings within the Town of Wakefield for race tracks, drive-in theaters, commercial amusement parks, tourist cabins, trailers or trailer parks, motels, junk businesses, junk yards, so-called automobile graveyards, racing dog kennels, or boarding kennels is prohibited; provided, however, that a single trailer, with or without wheels, used as a place of habitation may be permitted as an exception in accordance with and subject to a written permit therefor issued by the Board of Appeals after a public hearing thereon, notice of which shall be given in accordance with Section 17 of Chapt. 40A, of the General Laws, as amended.

No such permit shall be granted by the Board of Appeals if in its judgment the use, maintenance, location, occupation of, or other conditions pertaining to such trailer would tend to affect adversely the health, safety, convenience, character, or welfare of the neighborhood or of the Town.

Each special permit issued pursuant to these provisions of this section of this bylaw shall be for such period or periods and on such terms and conditions as the Board of Appeals shall determine to be reasonably necessary or advisable for the protection of the public health, safety, convenience, character or general welfare of the neighborhood or of the Town, and shall be revocable at the discretion of the Board of Appeals.

The vote in the affirmative was: YES, 244 — NO, 2, and having received the necessary two-thirds vote, the Moderator declared the motion carried.

ARTICLE 42

To see if the Town will vote to amend its Zoning Bylaws by striking out the second clause of the first paragraph of Section 5 A., Area and Frontage Regulations, which provides for the area and frontage requirements for multiple family dwellings, and adopting in place thereof the following:

In General Residence Districts, a lot containing not less than 8,000 square feet with a frontage of not less than 80 feet on any street or private way, provided, however, that each multiple family dwelling shall be located on a lot which complies with the following minimum area requirements:

No. of Family Dwelling Units	Minimum Lot Area in Square Feet
2	8,000
3	10,500
4	13,000
5	15,000
6	17,000
7	19,000
8	21,000
Over 8	21,000 plus 1,500 sq. ft. for each unit over 8

and further provided that no multiple family dwelling shall contain more than 24 dwelling units, and that all buildings, including accessory buildings, shall not cover more than 30% of the area of the lot;

Town Planning Board.

The report of the Planning Board was read by Secretary Ruth A. Woodbury of that board, stating that a hearing, duly advertised, was held in the Lafayette Building on February 12, 1963, and that the board voted, unanimously, to recommend favorable action on Article 42.

On motion by Miss Woodbury:

Voted Unanimously: I move that the Town vote to amend its Zoning Bylaws by striking out the second clause of the first paragraph of Section 5 A., Area and Frontage Regulations, which provides for the area and frontage requirements for multiple family dwellings, and adopting in place thereof the clause set forth in Article 42.

ARTICLE 43

To see if the Town will vote to amend its Zoning Bylaws by striking out the second paragraph of Section 5 A., Area and Frontage Regulations, and adopting the following in place thereof:

After the adoption of this Section no dwelling house, club house, or other permitted building shall be erected or placed on a lot containing less than the areas or having less frontage than that herein prescribed; however, nothing contained in this section shall prevent the construction or placing of any building on any lot in Single or General Residence Districts containing an area of not less than 5,000 square feet and having a frontage of not less than 50 feet, provided such lot on the effective date hereof does not adjoin other land of the same owner available for use in connection with said lot.

Town Planning Board.

The report of the Planning Board was read by Kenneth W. Thomson, noting that a hearing, duly advertised, was held on February 12, 1963, and the board voted, unanimously, to recommend favorable action of Article 43.

On motion by Mr. Thomson:

Voted: To amend the Zoning Bylaws by striking out the second paragraph of Section 5 A., Area and Frontage Regulations, and adopting in place thereof the paragraph set forth in article 43.

The vote in the affirmative was unanimous.

ARTICLE 44

To see if the Town will vote to amend its Zoning Bylaws by striking out Section 5B, Off-street Parking Regulations, and adopting in place thereof a new Section 5B, Off-street Parking Regulations, reading as follows:

Section 5 B. Offstreet Parking Regulations

Purpose of Bylaw: To bring about the most beneficial relation between the uses of land and buildings and the movement of traffic through and the circulation of traffic within the town, having particular regard to the avoidance of congestion in the highways, streets, and roads in the town and the provision of safe and convenient traffic access appropriate to the various uses of land and buildings throughout the town.

Definition of Offstreet Parking: For the purpose of this Section, an offstreet parking area is defined as accommodation for the parking of motor vehicles off the street, provided by private groups or individuals for restricted use in connection with particular businesses, private enterprises or other uses, or as adjuncts to housing developments or private residences. The parking accommodations may consist of parking areas, parking spaces, garages, or other structures and accessories; they may be surface facilities or facilities above or under ground.

Parking Facilities Required—

1. For Dwelling, Lodging House, or Hotel Use.

In the case of every building erected or converted in whole or in part for use as a dwelling containing one or more housekeeping units, or for a lodging house or hotel, there shall be provided for such dwelling, lodging house, or hotel use within such building or upon the lot upon which it is located, a garage or parking area having adequate access to a public or private way, for the storage and parking of at least one motor vehicle for each housekeeping unit; or, in the case of a lodging house or hotel, one garage or parking space for every two persons, either permanent or temporary residents, for whom such building is designed or used, plus one space for every two persons normally employed therein at any one time. Upon the approval of the Board of Appeals, after notice and a public hearing, the required parking facilities may be located on a contiguous lot or a lot separated from such building only by a public or private way, but not more than 200 feet (measured in a straight line) from the nearest part of such building to the nearest part of the area used for vehicular parking. In Single and General Residence Districts the parking facilities shall not be located within 20 and 15 feet, respectively, of a street line, and in both districts, not within 6 feet of a side or rear lot line.

In a Single or General Residence District a garage or parking area accommodating 6 or less motor vehicles shall provide a space not less than 175 square feet in area for each motor vehicle. Indoor parking may be included in the required area. In a Single Residence District the driveway, excluding 20 feet thereof measured from the street line, may be included in the required parking area. Parking areas designed to accommodate over 6 motor vehicles shall be constructed and maintained in conformity with the provisions of Section 5 B. 3. hereof. A garage or parking area having more than 6 spaces shall provide not less than 300 square feet for each motor vehicle, excluding the driveways and ramps used for access to the facility, but including the travelling lanes, turning areas, etc., for adequate maneuverability within the parking area.

2. For Uses Other than a Dwelling, Lodging House, or Hotel.

In the case of buildings and other structures or portions thereof erected or converted for uses other than for a dwelling, lodging house, or hotel, the following requirements are imposed with respect to offstreet parking areas for such other uses:

The area herein required shall be provided in the building or structure or on the lot upon which it stands, or upon approval of the Board of Appeals, after notice and a public hearing, the required parking facility may be located off the premises as provided in 5 B. 1. hereof. Such area shall be computed without including the driveways and ramps providing access from

the public or private ways adjacent thereto, but shall include the travelling lanes, turning areas, etc., necessary for adequate maneuverability within the parking area. Such area shall be kept free from obstruction and the use of the area shall be limited to the owners or tenants of the building or structure, and persons employed in or about the building or structure or persons using the same as customers or patrons of the owners or tenants. If any such area is not within a garage or other structure and is designed to accommodate 10 or more motor vehicles, it shall be constructed and maintained in conformity with the provisions of Section 5 B. 3. hereof.

- a. For offices wherever located, an area equal to twice the floor area used for such purpose;
- b. For financial institutions, retail stores, personal service shops, funeral homes, and similar business uses or establishments, an area equal to three times the floor area used for such purposes, excluding storage;
- c. For churches, theaters, club houses, assembly halls, or stadiums, an area equal to 300 square feet for every three seats, plus 300 square feet for every two persons normally employed therein at any one time;
- d. For restaurants, an area equal to 300 square feet for every three seats for patrons, including spaces at a counter or bar, plus 300 square feet for every two persons normally employed therein at any one time;
- e. For places of public assembly or public recreation not otherwise listed, an area equal to 300 sq. feet for every three persons admitted therein or thereat at any one time, plus 300 square feet for every two persons normally employed therein or thereat at any one time;
- f. For convalescent or nursing homes, and hospitals, an area equal to 300 square feet for every two patient accommodations, plus 300 square feet for every two persons normally employed or engaged therein at any one time;
- g. For industrial plants, wholesale establishments, and similar buildings, an area equal to 300 square feet for every two persons normally employed therein;
- h. Truck Loading Space — Unless otherwise specifically permitted in writing by the Board of Appeals, after notice and a public hearing, in the case of hospitals, institutions, hotels, retail, wholesale, and industrial buildings, an area shall be provided on the premises for the loading and unloading of trucks at the rate of one space not less than 400 square feet in area for each 15,000 square feet of floor area or fraction thereof less than 30,000 square feet, and 400 square feet for each 30,000 square feet of floor area or fraction thereof in excess of 30,000 square feet.

3. Parking Area Specifications.

The following shall constitute the specifications for the construction, operation, and maintenance of parking areas designed to accommodate 10 or more motor vehicles:

- a. The area, including driveways and ramps, shall be paved with a minimum of two (2) inches of bituminous concrete over a suitable base or with some other material that will provide an all-weather surface of equal hardness, smoothness, and durability.

- b. The area shall be provided with an adequate drainage system approved in writing by the Director of Public Works. The area shall be kept in good condition, clean and free from rubbish, weeds, trash, debris, and snow.
- c. Wheel blocks (bumper logs) made of cement concrete, or other suitable material, shall be provided to prevent motor vehicles being parked beyond the boundaries of the lot, and within the required set-back areas.
- d. The surface of the lot shall be marked with lines of a color contrasting with the color of the surface, indicating the space to be occupied by each motor vehicle. Each such space shall not be less than 175 square feet in area and eight and one-half feet in width. Such lines shall be maintained so as to be plainly visible at all times.
- e. Driveways to and from parking facilities on any one lot shall not exceed 30 feet in width measured at and parallel to the street line. Such driveways shall not be spaced closer together than 100 feet except that there may be one dual driveway, with a separation of not less than five nor more than twenty feet between driveways.
- f. Where any parking space is adjacent to the street, there shall be a strip not less than 3 feet wide within the lot, except at driveways required for access, which strip shall be suitably landscaped and maintained.
- g. Lighting facilities shall be so arranged that they neither unreasonably disturb occupants of adjacent residential properties nor interfere with traffic.
- h. Parking areas shall not be used for the sale, repair, or dismantling of any vehicles, equipment, materials, or supplies.

4. Special Cases — Exceptions.

The Board of Appeals may, after notice and a public hearing, authorize in writing, subject to appropriate conditions and restrictions, a parking area or truck loading space of less area or space or having less set-back than is required by Section 5 B. 1. and 5 B. 2., if the Board determines that a strict enforcement of the requirements of this bylaw would involve practical difficulty and substantial hardship, or be unreasonable, and that a lesser area, space, or set-back, as specified by the Board in its decision would not adversely affect the health, safety, convenience, character, and welfare of the neighborhood, or of the Town, and would not derogate from the spirit and intent of this Bylaw.

Town Planning Board.

On motion by Mr. Thomson:

Voted Unanimously: That the Town vote to amend its Zoning Bylaws by striking out Section 5B, Off-street Parking Regulations, and adopting in place thereof a new Section 5B, Off-street Parking Regulations, reading as follows:

Section 5B. Offstreet Parking Regulations

Purpose of Bylaw: To bring about the most beneficial relation between the uses of land and buildings and the movement of traffic through and the circulation of traffic within the town, having particular regard to the avoidance of congestion in the highways, streets, and roads in the town and

the provision of safe and convenient traffic access appropriate to the various uses of land and buildings throughout the town.

1. For Dwelling, Lodging House, or Hotel Use.

In the case of every building erected or converted in whole or in part for use as a dwelling containing one or more housekeeping units, or for a lodging house or hotel, there shall be provided for such dwelling, lodging house, or hotel use within such building or upon the lot upon which it is located, a garage or parking area having adequate access to a public or private way, for the storage and parking of at least one motor vehicle for each housekeeping unit; or, in the case of a lodging house or hotel, one garage or parking space for every two persons, either permanent or temporary residents, for whom such building is designed or used, plus one space for every two persons normally employed therein at any one time. Upon the approval of the Board of Appeals, after notice and a public hearing, the required parking facilities may be located on a contiguous lot or on a lot located on a public or private way provided that such lot is not more than 200 feet distant from the nearest part of such building, such distance being measured along the public or private way or ways giving access to such lot and adjacent thereto.

In Single and General Residence Districts the parking facilities shall not be located within 20 and 15 feet, respectively, of a street line, and in both districts, not within 6 feet of a side or rear lot line.

In a Single or General Residence District a garage or parking area accommodating 6 or less motor vehicles shall provide a space not less than 175 square feet in area for each motor vehicle. Indoor parking may be included in the required area. In a Single Residence District the driveway, excluding 20 feet thereof measured from the street line, may be included in the required parking area. 2. For Uses Other than a Dwelling, Lodging House, or Hotel.

In the case of buildings and other structures or an addition thereto hereafter erected, or dwelling houses or portions thereof hereafter converted or used for other than a dwelling, lodging house or hotel, the following requirements are imposed with respect to offstreet parking areas for such other uses:

The area herein required shall be provided in the building or structure or on the lot upon which it stands, or upon approval of the Board of Appeals, after notice and a public hearing, the required parking facility may be located off the premises as provided in 5 B. 1. hereof. - g. Lighting facilities shall be so arranged that they neither unreasonably disturb occupants of adjacent residential properties nor interfere with traffic.
- h. Parking areas shall not be used for the sale, repair, or dismantling of any vehicles, equipment, materials, or supplies.

4. Special Cases — Exceptions.

- a. This bylaw shall not apply to a building or structure located in a Business District on Jan. 28, 1963, that is hereafter damaged or destroyed by fire or other casualty if the building or structure on Jan. 28, 1963, was located on a lot having insufficient area to comply with the requirements of this bylaw and the lot on the date of such damage or destruction has insufficient area to comply with the then existing requirements of this bylaw.
- b. The Board of Appeals may, after notice and a public hearing, in writing, either waive the off-street parking, truck loading or set-back requirements of this bylaw, or permit a parking area or truck loading space having a lesser area or space or having a lesser set-back than is required under Sections 5 B. 1. and 5 B. 2., if the Board determines a literal enforcement of the provisions of this bylaw would involve practical difficulty or substantial hardship, financial or otherwise, to the applicant, or would be unreasonable in the circumstances of the case, and that the granting of such exception would not adversely affect the health, safety, convenience, character or welfare of the neighborhood, or of the Town.

A motion to amend by striking out the word "churches" in Section 2C was not voted.

ARTICLE 45

To see if the Town will vote to amend its Zoning Bylaws and Zoning Map by changing from Single Residence and Business District to a General Residence District a tract of land bounded and described as follows:

Beginning at a point which is the intersection of the town boundaries of Wakefield, Reading and Stoneham, then running northeasterly along the Wakefield-Reading town line a distance of about 530 feet to the southerly layout line of Route 128; thence running northeasterly along the southerly layout line of Route 128 a distance of 330 feet to a point; thence running southerly a distance of about 790 feet to a point on the Wakefield-Stoneham town line; thence running northwesterly along the Wakefield-Stoneham town line a distance of 550 feet to the point of beginning.

C. Harry Olson and Others.

The report of the Planning Board was read by Kenneth W. Thomson which stated that a public hearing was held on February 12, 1963, and that all legal requirements were complied with.

The motion by the Planning Board to change from a single residence district to a general residence district was not carried. The vote was: YES, 191 — NO, 97, and, not receiving the necessary two-thirds vote, the Moderator declared the motion not carried.

ARTICLE 46

To see if the Town will vote to amend its Zoning Bylaws and Zoning Map by changing from a General Residence District to a Single Residence District the tract of land on the westerly side of the Greenwood section of the town described as follows:

The area northeasterly of Spring Street presently zoned for General Residence which is bounded southwesterly, southeasterly, and northeasterly by the Single Residence District on the westerly side of Greenwood, and on the northwesterly by the Stoneham town line.

1952 - 1963 INDEBTEDNESS RECAPITULATION

Forty-ninth Annual Report of the Town Accountant

FOR THE YEAR ENDING DECEMBER 31, 1963

The total cash expenditure processed by the Town Accountant's Office amounted to \$9,502,872.90.

The total cash receipts amount to \$9,548,868.75 which indicates the necessity for serious attention and consideration in this area of the Town's financial program.

The operational and indebtedness cost of town services can be examined by the simple comparison with other immediately surrounding communities.
